

Classic Soft Trim Leather Interiors

Congratulations on selecting a genuine Classic Soft Trim automotive leather interior package. You have chosen the finest interior upgrade available on the market today.

Our craftsmen meticulously designed and tailored this interior to your car's seating. The outcome is a true masterpiece and one that you will enjoy for many years to come. All materials used meet or exceed auto manufacturers' specifications and only the finest automotive grade hides and color matched automotive grade vinyl were selected for use in the fabrication of your classic automotive leather interior package. We trust that you will enjoy your interior as much as we enjoyed installing it for you.

Never use any silicone based products.

Leather is a product of nature, therefore it is susceptible to many different environmental occurrences. Classic Soft Trim Leather interiors are not artificially cured, meaning the leather trim is not pre-shrunk to fit. Leather is designed to shrink. If a leather trim interior is pre-shrunk, (to fit tight), it will continue to shrink, causing un-natural appearances and unnecessary premature aging. If you notice a slightly loose fit, it will cure with the elements of natural heat, man made heat, and time. Most factory installed leather trim interiors have been in inventory or transit for weeks or months. Classic Soft Trim interiors have been manufactured by order and need time to cure to achieve a perfect fit.

If your vehicle is equipped with side-impact airbags, do not use any type of slip cover on your new leather interior or attempt to repair the upholstery. Please contact your dealer or Classic Soft Trim Installation Center for assistance.

Leather Interior Warranty

Classic Soft Trim warrants its leather packages to be free from workmanship and material defects under normal and intended use for the life of the vehicle. This Lifetime warranty is expressly limited to the original consumer and is nontransferable. This warranty does not apply to failure of the product due to unauthorized installation, abuse, mishandling or accident. The buyer shall not be entitled to recover from Classic Soft Trim, or an authorized Classic Soft Trim dealer, any consequential damage, loss or expense for loss of use, loss of time, loss of profits or income or any other incidental damages arising directly or indirectly from a warranty claim of this product.

Warranty does not cover claims for scuffs, scratches, tears and abusive or excessive wear. Silicone based products or harsh chemicals may harm the surface of your leather interior. Use of these products will void the warranty.

Obligations of this warranty shall be to repair any defective merchandise that is returned, or at the option of Classic Soft Trim, to replace it with similar merchandise. Classic Soft Trim will not be held responsible for variations in color dye lots in connection with any warranty claims.

Classic Soft Trim reserves the right to change, modify or discontinue products without any obligation in regards to products previously manufactured.

Classic Soft Trim does not authorize any other person to assume additional warranty obligations, nor does it authorize any liability on behalf of Classic Soft Trim. This written, limited warranty is the only warranty authorized and honored by Classic Soft Trim.

To obtain warranty repair or replacement, present your warranty claim to a Classic Soft Trim Branch. Any product to be sent to Classic Soft Trim for warranty repair or replacement must be pre-authorized. All warranty claims are at the discretion of Classic Soft Trim.

This warranty gives specific legal rights to the original consumer. Other rights may vary from state to state.
